MCA and LPS Conference
NEW DATES AND NEW CITIES

It’s official – no more DoLS. Find out what this means for you at the MCA and LPS Conference
The government recently published a draft Bill – the Mental Capacity (Amendment) Bill.

Much will be discussed over the coming months about this bill, but what we know for now is that the bill abolishes DoLs in favour of new legislation which is expected to be called Liberty Protection Standards (LPS), in line with the law commission’s recommendations.

With the biggest shake-up in social care for a long while, the MCA and the LPS Conference is PERFECTLY timed to update you on the latest developments.

Our expert speakers will explore the following topics in detail:

• **The changes proposed by the Law Commission** - understand the main differences between DoLS and the Liberty Protection Standards, when they would apply and the proposals for claims against care providers

• **An overview of the Mental Capacity Act and the proposed changes** - getting to grips with proposed changes to the Act, the application of the Act in your provision, using the key principles and the two-stage test

• **Changes to the best interests’ principle** - What’s new? The role of the ‘Approved Mental Capacity Professional’ serious cases and the ‘necessary and proportionate test’

• **DoLS update** - case law is crucial, make sure you understand how the latest decisions should impact your decision-making processes

• **Preparing for changing CQC inspection** - make sure you are ready for a changing inspection regime and the impact upon MCA and DoLS.
